- 1X RevJams Razor Bluetooth Speaker
- 1X Micro USB Charging Cable
- 1X 3.5mm Audio Cable
- 1X User Manual

FEATURES

RevJams Razor is a compact Bluetooth speaker that can be wirelessly connected to any Bluetooth device such as smart phones, tablets, and computers. Thanks to its powerful battery and passive radiator, this speaker delivers full stereo sound. It can support up to 8 hours of playtime and it is your perfect companion when walking in the park, camping outdoors or having fun on the beach. The wireless connection helps you be free of complicated connections and wiring distance constraints. You can enjoy high-quality music anytime and anywhere.

GETTING STARTED

To start using your RevJams Razor Bluetooth Speaker, please follow the steps below:

1. Ensure your speaker is fully charged.
2. Pair your speaker to a Bluetooth-enabled device prior to use. (See Pairing instructions)

CHARGING

Your RevJams speaker comes with a built-in rechargeable battery and a Micro USB charging cable. Charge fully before use. The battery LED indicator will turn red while charging and turn green once charging is complete. Initial charging time is approximately 2 hours.

PAIRING

In order to use your RevJams Razor Bluetooth Speaker with a Bluetooth-enabled device, you will first need to pair the two.

1. Place the Speaker and the Bluetooth device where they are easily viewable and no more than 3 ft. apart.
2. Ensure that the speaker is fully charged.
3. Turn the speaker on by pressing down the power button for several seconds, then the blue led indicator located on the power button will flash quickly.
4. Activate your mobile phone's Bluetooth pairing function.
5. Set the mobile phone to search for Bluetooth devices within range and select "**RevJams Razor**" from the list of devices shown.

When powered on, the speaker will automatically connect with the last successfully paired device.

(Note: If your phone prompts for pairing code, please enter "0000")

AUX-IN CONNECTION

The speaker also supports aux-in connection, simply connect the speaker to your non-Bluetooth mobile phone/ MP3 player /PC /laptop using the included 3.5mm audio cable. The green indicator light will turn on, then you can play music.

Low power indication

A voice prompt reminds you to charge if power is low (less than 10%)

SPECIFICATIONS

Speaker interfaces

Audio input connector: 3.5mm audio cable

Charging interface: Micro USB

DIMENSIONS AND BASIC PARAMETERS

Length: 7.79 in

Width: 0.98 in

Height: 4.92 in

Material: Aluminum + ABS + Leather

Weight: 540g

ELECTRICAL SPECIFICATIONS

- Bluetooth Compatibility: Compatible with Bluetooth 4.1 Class II and supports A2DP V1.2, AVRCP V1.4 profiles agreement
- Transmission distance: up to 33ft
- Sound track: dual track
- Signal to noise ratio S/N: ≥ 75 dB
- Frequency range: 160Hz-20Hz
- Distortion THD: $\leq 1\%$
- Speaker unit: outer diameter 50mm, inner magnet. 4 , 5W

PARAMETERS OF POWER:

Rate voltage: 3.7V DC

Battery: built-in lithium battery, 3.7v/2000mAh

Charge voltage: $5V \pm 0.25V$

Charging time: 3-4 hours

Playing time: Up to 8 hours

WORKING TEMPERATURE	STORAGE CONDITION
Temperature: 0° C ~ 40° C Humidity: 0% ~ 85% RH	Temperature: -30° C ~ 60° C Humidity: 0% ~ 90% RH

TROUBLE SHOOTING

1. My mobile phone cannot find any new Bluetooth devices?

- a) Make sure the Bluetooth speaker had entered pairing mode;
- b) Ensure the speaker is within the effective working range;

2. Bluetooth devices cannot pair up

- a) Make sure your mobile phone allows new connection and has not reached the maximum allowed connection number, please refer to your mobile's user manual;
- b) Make sure the pairing password entered is "0000". If you are using a Bluetooth transmitter device, please ensure the responding password of your Bluetooth transmitter supports "0000" passcode.

3. My mini speaker does not play music/ answer call when it is connected to a Bluetooth mobile phone?

- a) Make sure your Bluetooth mobile phone supports A2DP and HSF (Hands-free) profile;
- b) Ensure your Bluetooth cell phone is within effective working range of 33ft.

4. When paired with my computer, Windows prompts for a new driver? Can you supply?

- a) We cannot supply. The Bluetooth A2DP/HSF drivers maybe required to play stereo sound via a Bluetooth connection. But the driver is actually needed for the Bluetooth module on your PC, instead of the speaker. Different Bluetooth module may require different drivers. Please contact your PC or Bluetooth module's manufacturer for driver update.

5. Why I cannot remotely control the pause, play, previous song and skip track function with the speaker when playing music?

- a) When you are using 3.5mm AUX audio in connection you cannot pause, change volume or skip tracks using the buttons on the speaker;
- b) This feature needs to have the Bluetooth device paired with the speaker to support AVRCP (audio/video remote control profile). Please make sure your cell phone or other Bluetooth device supports AVRCP.

WARRANTY

At RevJams, we are dedicated to making the best quality product we can. To back this up, your RevJams Razor Bluetooth Speaker is warrantied for One (1) full year from the date of purchase.

SAFETY NOTICES

1. Please read this User's Manual carefully and follow all instructions.
2. To avoid any damage or malfunction of the device do not drop the device from high places.
3. Keep device away from humidity, water and any other liquid. If the device is exposed to water, moisture and other liquids do not operate it to avoid any electrical shock, explosion and damage to the device or yourself.
4. Do not place or keep this device near any heat sources, such as, direct sunlight, radiators, stoves or other apparatus that produce heat. This may cause an explosion, degrade the performance and/or reduce battery life.
5. Do not modify, repair or disassemble device (Especially the battery). Doing this will void the warranty.
6. Do not place heavy objects on the device.
7. Use only the supplied and approved chargers.
8. Unplug this device when unused for long periods of time or during lightning storms.
9. The battery used in this device may present a risk of fire or chemical burn if mistreated.

NOTE: This device uses an internal rechargeable lithium-ion battery that should last the life of the device . If you suspect your battery may be dead after several attempts to charge, please visit **www.revjams.com** for support.

Never disassemble the unit or attempt to remove the battery as that could cause leakage of an electrolyte substance
